

BIG LAND DEAL.

One of the Finest Bodies of Timbered Land in Western Kentucky Near Mannington Sold.

THE COL. JACK STULL PROPERTY.

An advertisement in the Special Coal and Railroad Edition of The Bee was the direct cause of the largest single real estate deal ever made in Hopkins county, which was consummated last Friday by G. R. Lynn, the real estate man, of Madisonville, Ky.

The property was owned by A. H. Bowles and wife, and was known as the Capt. Jack Stull estate, and is located on the L. & N. R. R., three miles south of New Haven, Ky., and contains about 1,500 acres.

This is the finest tract of virgin forest in Western Kentucky. The timber consists of white oak, poplar and other hard woods of the very finest quality and has never been cut over, having been carefully guarded for over one hundred years by Mr. Bowles and his predecessors.

The timber has been estimated to cut over 10,000,000 feet of first class, merchantable timber and aside from this timber the land is underlaid with coal, which will be developed in the near future, adding, as it will, another big coal mine to the great coal fields of Hopkins county.

This property was purchased by the Hugh McLean Lumber Company, of Buffalo, N. Y., which is one of the rich lumber companies of the East, and who are extensive manufacturers of the Mosaic Hardware floors. This company has several large plants located in various parts of the country, one of which they have recently located at Louisville, Ky., to which point this magnificent body of timber will be shipped in the log, cut into lumber, and the products will then be shipped East to the big factories, where it will be finished into hardwood floors and other high grade products and then placed on the markets of the world.

Mr. Lynn informs us this was a spot deal and reached near the \$50,000 mark. He feels proud of the deal, especially as it was made for cash.

The McLean Lumber Company is composed of high class business men and the people of Hopkins county are to be congratulated in securing these investors, which will result in the distribution of a large amount of cash to the men who are to be employed in preparing this magnificent lot of timber for market.

Mr. Lynn is one of Madisonville's most progressive citizens and for many years past has devoted his entire attention to the real estate business, and has made a success. By push, industry and fair dealings, his business has grown from a small local business until now he operates over several states. He has quite an extensive acquaintance with the big buyers and has successfully consummated a number of large coal deals with Northern and Eastern investors, and always keeps in touch with every thing in his line. He keeps a large list of all kinds of property and he invites the attention of all who have property to sell or those wishing to buy. All business entrusted to his care will receive prompt and careful attention. Mr. Lynn enjoys the perfect confidence of his friends and regards no service too great when his power to serve them.

Friday night, from 8 to 11 o'clock, Mr. Lynn gave a banquet at Smith's Hotel to a few invited

friends, in honor of Mr. Angus McLean, of Buffalo, N. Y., president of his company, and Mr. H. E. Jewett, of New Albany, Ind., attorney for the company. The following gentlemen were present: Mr. Angus McLean, of Buffalo, N. Y.; Mr. H. E. Jewett, of New Albany, Ind.; Mr. C. Reinicke, of Belleville, Ill.; Mr. I. Bailey, Mr. C. J. Waddill, Hon. J. B. Brasher, Mr. W. C. Morton, Judge C. C. Givens, Prof. G. W. Chapman, Mr. H. H. Holman, Mr. W. D. Cail, Mr. C. O. Osborn, Mr. W. S. Barnett, Mr. T. L. Taylor, Mr. W. H. Lynn and Mr. J. D. Lynn.

ROY SALMON

Will not Give up law Practice. Spends Part Time at Frankfort.

Roy H. Salmon was some time since appointed clerk in the State Insurance Department by Auditor S. W. Hager, has decided not to spend his time in Frankfort at the expense of his law practice in Madisonville and has returned home. Mr. Salmon has not severed his connection with the department but will make occasional trips to Frankfort to look after special work in that connection. P. H. Thompson, of Marshall county, has been appointed to fill the clerkship to which Mr. Salmon was first named.

KEEPS CORN FORTY YEARS.

An Indiana Farmer Will Make an Unusual Display at the World's Fair.

Corn that has attained the ripe old age of 40 years, and yet appears to be as good as on the day that it was harvested, will be shown at the World's Fair by an Indiana farmer.

L. O. Pence, a pioneer settler of Grant county, harvested an unusually large corn crop in the fall of 1864. He put aside 100 bushels of that year's harvest and kept it in an open crib. It remained there ever since and received no treatment other than to allow the air to pass through it at all times.

DIXON WILL VOTE

Wet or dry Election to be Held This Month.

An election is to be held at Dixon Jan. 23, to determine whether or not whiskey shall be sold in that town. Dixon is now a saloon town. Providence, Sebree and Slaughter'sville, the other important towns in Webster county, are all dry towns, and some of the business men of these towns say they can prove by their books that the absence of saloons has helped business.

Judge Hord Dead.

Frankfort, Ky., Jan. 9.—Judge Lysander Hord, aged eighty-seven years, nestor of the State Capital bar, died at his home here at 4 o'clock this afternoon of the infirmities of old age. The deceased was Judge of the Franklin County Court for several terms before the Civil war, and represented the county in the General Assembly in 1880. He had been practicing law here for sixty years.

Lancaster's Waterworks.

Lancaster, Ky., Jan. 8.—The Lancaster waterworks system is now pronounced complete at a cost of \$24,000. The reservoir holds 20,000,000 gallons and the dam is so constructed that at a trifling expense it can be made to hold double that quantity.

The recent maneuvers of the regular army and State militia at West Point, Ky., and Fort Riley, Kan., cost the Government about \$600,000.

"SHOULD BE FILED BY GENERAL ADVERTISER."

High Authority on Advertising and Newspaper Work Pays The Bee High Compliment and Speaks Well of Earlinton.

Newspaperman, New York. "The Journal of Newspaper Publishing and Advertising," in its issue of December 31, places The Bee in the column of preferred advertising mediums and notes the prosperous condition of Earlinton's industries and business concerns. There is recognized to be no higher authority in the country upon newspaper work and advertising than Newspaperman. It says, under the caption "The Earlinton Bee":

"The Special Coal and Railroad Number of the Earlinton (Ky.) Bee merits special mention. It is filled with excellent features. The Supplement, beautifully printed on calendered paper, contained many half tons and a raft of advertising. The different articles, describing Earlinton's industries and business concerns, show that this city is prosperous. The Bee's special should be filed by the general advertiser."

A \$50,000 LAND DEAL.

Madisonville, Ky., Jan. 12, 1904.

The sale of 1,500 acres of land in Hopkins county to the Hugh McLean Lumber Company, of Buffalo, N. Y., for a cash consideration near the \$50,000 mark, was directly the result of an advertisement in the Special Coal and Railroad Edition of the Earlinton Bee, issued on Dec. 3, 1903.

GEO. R. LYNN.

SMALL FIRE

Caused by Grate Falling in the Residence of Mrs. Crutchfield and Fire Department Turns Out.

Monday evening smoke was discovered by the school children issuing from underneath the residence of Mrs. Crutchfield on Main street. An alarm was given and in an incredible space of time the fire department was on the scene, the hose attached to the water main and the fire extinguished. Mr. W. D. Cave, chief of the fire department had the hose attached, ready to turn on, in three minutes after the alarm was given and in less than five minutes the fire was extinguished. The fire was caused by a falling grate and the damage was slight.

STANLEY A CANDIDATE.

Announces Will Seek Renomination to Congress.

A Washington dispatch says: Representative Stanley, of the Second Kentucky district, announced this morning that he was a candidate for re-election. "All of my former opponents, with the possible exception of one, are for me for a renomination," said Mr. Stanley.

All the members of the Kentucky delegation are candidates for re-election and all are expecting to be renominated.

Cattle Thieves at Guthrie.

The farmers around Guthrie have recently lost quite a number of cattle and hogs. The thieves seem to be organized and steal systematically. One night recently a gentleman living a short distance in the country heard a commotion in his barnyard and on going down to ascertain the cause, found a man in there with a lantern, tying a rope to his cow in order to drive her away, and in the same lot was a cow belonging to a neighbor, that the man had already stolen. He evidently intended to take both cows with the same rope. On being discovered he quickly extinguished his light and fled.

Smallpox at Elizabethtown.

Several cases of smallpox are again reported at Elizabethtown, after it was hoped the pest had wholly disappeared.

The two houses of the Ohio Legislature voted separately for United States Senator on Tuesday. Senator Hanna's majority was the largest ever given a senatorial candidate in Ohio.

JIM HOWARD

Case Submitted to Court of Appeals for Decision.

Frankfort, Ky., Jan. 7.—The closing argument of the Jim Howard murder case, begun yesterday, was completed at today's session of the Court of Appeals, and the case was submitted to the court on briefs for decision. The closing argument was made by Attorney W. M. Smith, of Louisville, for the appellant Howard. He spoke for nearly two hours.

The Body of Gen. Jno. B.

Gordon Lay in State in Atlanta.

Over the bier of John B. Gordon grief-stricken Georgia bowed in reverence Tuesday and Wednesday, while representatives from all her sister Southern States journeyed to Atlanta to join in doing honor to the illustrious dead.

No man who has lived in Georgia since the war between the States has held so close a place in the hearts of the people as has the former Lieutenant General, whose life spark expired Saturday night, and his funeral was an event equalled in solemn pomp by nothing that has occurred in the South save the funerals of Robert E. Lee and Jefferson Davis.

Governors of nearly every Southern State took part in the exercises, while prominent Confederate survivors were there to mingle their tears with those of the Georgia veterans who followed "the man of the twelfth of May" in the great campaigns in Virginia, Pennsylvania and Maryland, says the Courier-Journal.

The body lay in state in Georgia's Capitol from Tuesday morning until Wednesday noon, when the funeral exercises took place in the hall of the House of Representatives. Troops stood guard while the men who fought under Gordon and their sons and daughters filed by to look for the last time upon his face.

Gov. Terrill issued a proclamation requesting the citizens of the State to observe the death of Gen. Gordon, and the flags on all the public buildings were at half mast.

The Nashville American, speaking editorially, says: "Hand painted stockings are now worn by the best dressed women. This statement is not official. So far as we are concerned, it is merely hearsay—the gossip of a fashion paper."

Gen. John B. Gordon died last Saturday night at 10:05 o'clock at his plantation near Miami.

Children Poisoned.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiates. Foley's Honey and Tar is a safe and certain remedy for coughs, croup and lung trouble, and is the only prominent cough medicine that contains no opiates or other poisons.

DADDY RYAN.

Himself Afflicted and Mrs. Ryan Stricken.

Mr. William Ryan, known to his Masonic and Elk brethren and friends generally as "Daddy" Ryan, has been confined to his home, 2012 Brook street, for about a month. His invalidism has been relieved by many evidences of loving remembrances. He is on the mend, but just as the clouds of illness are lifting for him his devoted wife has become prostrated. That they are closely bound in a sympathetic union is shown in the fact that while he is "Daddy," to many she is "Mammy," and for similar reasons of affectionate regard in which they are held.—Saturday's Louisville Times.

Stop It.

A neglected cough or cold may lead to serious bronchial or lung troubles. Don't take chances when Foley's Honey and Tar affords perfect security from serious effects of a cold.

Stood not on the Order of Going.

It became necessary Tuesday morning for Mr. C. H. McGary to facilitate the exit from his kitchen of a frothing colored gentleman, whose abiding place is Hopkinsville. The visitor was in the light of a trespasser on Mr. McGary's property and a disturber of the peace and quiet of the culinary artist in that household, who had formerly been the wife of the actor, Lincoln Smith by name, repeated warnings had no sufficed to keep him away from the place, but the explosive interview Mr. McGary gave him this time will doubtless suffice for the future. Cannon crackers were nowhere. The means used to facilitate the unwelcome visitor's exit left only a dark streak away down the avenue.

The Agricultural Building at the World's Fair covers 24 acres, which fact makes Rhode Island look smaller than ever.—St. Louis Post-Dispatch.

From all accounts it seems that Morton's Theatre at Madisonville is in for another box office winner in "Quincy Ada Sawyer" the quaint New England comedy that will be presented there by Chas. F. Atkinson's regular week stand company next Saturday night.

SKIN AND BLOOD PURIFICATION

Cuticura Soap, Ointment and Pills

Cleanse the Skin, Scalp and Blood

Of Torturing, Disfiguring, Humours with Loss of Hair

COMPLETE TREATMENT \$1.00

Thousands of the world's best people have found instant relief and speedy cures by the use of Cuticura Soap, Ointment and Pills in the most torturing and disfiguring of itching, burning and scaly humours, eczemas, rashes, itches and inflammations.

Thousands of tired, fretted mothers, of skin-tortured and disfigured babies, of all ages and conditions, have resorted to almost miraculous cures by the Cuticura remedies, when the best medical skill had failed to relieve, much less cure.

Cuticura Treatment is local and constitutional—complete and perfect, pure, sweet and wholesome. It cleanses the affected surface with Cuticura Soap and hot water to cleanse the skin of crusts and scales and soften the thickened cuticle, dry without hard rubbing, and apply Cuticura Ointment freely to allay itching, irritation and inflammation, and soothe and heal, and lastly take Cuticura Resolvent Pills to cool and cleanse the blood, and put every function in a state of healthy activity. More great cures of simple, scrofulous and hereditary humours are daily made by Cuticura remedies than by all other blood and skin remedies combined, a single set being often sufficient to cure the most distressing cases when all else fails.

Mr. John H. Cullors, editor of the Garland, Texas, News, has written a letter a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy."

"A Gambler's Daughter."

One of the most powerful and exciting theatrical productions ever seen in this city will be at the Temple Theatre tonight when the new and sensational melodrama, "A Gambler's Daughter" comes there. It is a play that will interest all. There is love, romance, villainy, heroism, cowardice, conspiracy, and last but not least, comedy, in this play and the piece has secured a tremendous hit since its premiere where it has been seen. The plot is a consistent one when holds the attention and interest of the audience from start to finish. It never lags, and in it no dull places can be found. The audience is either kept up to a high tension over the widely exciting climaxes and startling situations, and thrilled to the marrow over the adventures of the heroine and her brave young lover, or else it is splitting its sides laughing at the comical antics of the comedian and the outbursts of the chorus conspicuously in the plot. The serious side of the play is also enlivened at intervals by clever songs and specialties. Absolutely new and very elaborate scenery is used in the production, and the company itself is one of the clever Miss Louise Dunbar, the talented and well-known leading woman. The piece will surely attract large and enthusiastic crowds.

MINING NOTES

The Sebree Coal Company has moved its office to the bank building on the south side of Main street at Sebree. The company will occupy the front room on the second floor.—Green River News.

The Owensboro and Beech Grove Oil, Gas and Mining Company, which has been drilling a well for oil at Beech Grove in Webster county, struck a fine vein of coal last week. Preparations will be made at once to develop the mineral lands which this company own.

It is estimated that Tennessee Coal and Iron will show at least 8 per cent earned on the common stock in 1903. This result in the face of unfavorable conditions suggests what might be accomplished during year free from labor difficulties.

Preparations are being made by the National Coal and Oil Company at Uniontown to begin sinking a third shaft at that place. It is the intention of the company to sink this shaft to the No. 9 vein and the coal will be used for coking purposes.

R. C. Fairland and Wm. R. Burch, of Philadelphia, Pa., were in Sturgis last week. They rank prominently among the capitalists of the North and it is their intention to open a new coal mine at Sturgis.—Uniontown Telegram.

Oscar Bennett, who has been employed at McEuen's store has resigned to accept a position at the Arnold mine.

Martin Lanier, who is employed by the Nortonville Coal Company as foreman at their mine was here last week visiting relatives.

James Cloren, of Nashville, Tenn., who formerly worked at this place, has accepted a position at No. 9 mine.

Mr. Nick Straker, who has been on the sick list for some time, is able to be out again.

John Parker had his hand badly mashed one day last week by having it caught between a prop and a machine which he was running.

John Wyatt, of the No. 11 mine, was in Madisonville last Saturday.

Mr. Tom Stone was in Madisonville one day last week.

Mr. Currence, of the No. 11 mine, was on the sick list a few days this week.

Mr. Hall Harrison, who was hurt in the Hecla mine last week, is improving.

A hundred ton mill and an aerial railroad to the river which will be a mile and a half in length and will be capable of transporting from fifty to one hundred tons daily is being built at Marion, Ky., by Pittsburgh capitalists to handle the flour-spar output of the mines in that section.

The Nevada World's Fair Commission has already secured splendid specimens of 118 varieties of minerals found in that state, all of which will be exhibited at the World's Fair.

Representative Williams has introduced a bill in Congress providing: "That from and after the passage of this act no duty shall be levied or collected upon coal of any form or description imported into the United States from foreign countries." Also a bill requiring the Secretary of the Treasury to make full rebate of duties paid on all coal of every description imported into the United States from foreign countries for the period of one year.

STATEMENT BY
SECRETARY ROOTIt Has Reference to the Isthmian
Policy of the Present Ad-
ministration.PUBLICATION OF FALSE REPORTS
IS A SOURCE OF MUCH ANNOYANCE.

No State of War Exists Between the
United States and Colombia, and
This Government is Not Making
Any Preparation to Send Out
Troops.

Washington, Jan. 13.—Shortly after
the cabinet meeting, Tuesday Secretary
Root issued the following statement
regarding the Isthmian policy of the
administration:

"The publication in various quarters
of news indicating that the government
is preparing to send troops to the Isth-
mus to carry on military operations
against Colombia has been the source
of considerable annoyance to the execu-
tive and to the war department. No
state of war exists between the two
countries; no inauguration of hostilities
is contemplated by this govern-
ment; no preparation for war is being
made. It is not believed by the presi-
dent nor by the secretary of state that
any occasion for the employment of
troops on the Isthmus is likely to arise.
They have used their utmost efforts to
convince Gen. Reyes and the Bogota of-
ficials of the friendly intentions of
this government toward Colombia, and
of their readiness to use their good of-
fices in the settlement of any questions
in dispute between Colombia and Pana-
ma.

"It is difficult for them to believe that
the authorities in Bogota can be so
blinded by passion and prejudice as to
declare war against us; and even if this
ridiculous step should be taken by Co-
lombia, this government would feel no
haste to respond to her challenge.
The president, after all possible allow-
ances for the natural excitement in
Bogota the Colombian government is
solely responsible and of which it is
fully forewarned.

"But she must sooner or later recog-
nize the irresistible force of reason,
planned facts, and the superior truth
done the better for all parties. We
have done them no wrong; we want
like to be of service to them; if they
are wise, they will not put it out of
our power to help them by any act
of rashness and violence."

meeting of the World's fair board of
directors, at the Noyd Club Tues-
day, an amendment to the rules was
adopted, providing for selling non-
transferable, photographic coupon, sea-
son tickets, the price to be \$25.

Any one may purchase one of these
season tickets which will entitle him to
enter the exposition every week day if
open. There are 184 open days, so that
if the regular admission of 50 cents
were paid each day, the cost would ag-
gregate \$92. A saving of \$67 is made
by purchasing one of the season tickets.
The photograph of the ticket holder
is placed on the stub of the coupons.
The price of the photograph is included
in the \$25.

MARK HANNA RE-ELECTED.

Sensational Action by the Houses of
Ohio Voted Him United States
Senator Again.

Columbus, O., Jan. 12.—The Ohio
legislature, by a separate ballot of the
house and senate, Tuesday, voted to re-
elect Marcus A. Hanna to the United
States senate for a second term. The
result will be formally announced at a
joint session at noon today, a joint bal-
lot being unnecessary by reason of Mr.
Hanna having a clear majority in each
branch.

Senator Hanna was re-elected by the
largest majority ever given a candi-
date for United States senator from
Ohio. The house cast 88 votes for Mr.
Hanna, two republican members being
absent, and 21 votes for John H. Clarke,
of Cleveland, the democratic candidate
and democratic member being absent.
The senate cast 29 votes for Mr. Hanna
and 5 for Mr. Clarke.

ST. LOUIS GETS CONVENTION.

The Democratic National Convention to
Be Held in St. Louis on
July 6, 1904.

Washington, Jan. 13.—The democr-
atic national committee Tuesday
announced a surprise by selecting St. Louis
as the place for holding the national
convention of 1904. The date fixed for
the convention was Wednesday, July
6, at 11 o'clock. Previous to the meet-
ing of the committee, it seemed a fore-
gone conclusion that Chicago would be
selected as the place of meeting, but
political exigencies entered into the
situation, and a majority of the com-
mittee voted for St. Louis.

At the meeting of the committee,
the name of St. Louis was mentioned
and the result was a surprise to many
of the members.

TOM McKEA KILLED

By Robert Marshall. Both Colored.
Scaffold Said to Have Started in Fun.

Robert Marshall who has sev-
eral aliases shot Tom McKea at
the latter's home Saturday night
about eight o'clock. The trouble
originated while they were walk-
ing home from Madisonville. On
reaching Earlington Marshall
went to the house of one Gil-
christ and procuring a shotgun
said to McKea "you don't be-
lieve I'll shoot you" and at the
same time firing at him. Gil-
christ then took the gun away
from him and then he followed
McKea to his home. After enter-
ing the room the quarrel was re-
sumed and Marshall shot McKea
with a pistol as he was lighting
a cigarette. At the first shot Mc-
Kea fell and Marshall shot him
once more after he was down
then fired the third shot as he
ran out the door. McKea died
Sunday at 12 o'clock. A reward
of \$25.00 is offered by the col-
ored K. P. Lodge for the arrest
and conviction of Marshall.

ARM BROKEN.

Buggies Collide on Seminary Street,
Madisonville, and Ed Canaler and
Miss Wilson Injured.

A head-on collision between a
north and a south bound buggy oc-
curred on Seminary street, Madis-
onville, last Saturday evening about 7
o'clock. The occupants of one bug-
gy were Ed Canaler and Will
Mecham, of this city, and Taylor
Stokes, of Mortons Gap, and Miss
Wilson. They were driving at a
high rate of speed when the crash
occurred capsizeing the vehicles and
throwing the occupants out. Mr.
Canaler had both bones in his left
arm broken and Miss Wilson re-
ceived an ugly gash on her head. The
other occupants escaped uninjured.
Will Ross was summoned and
dressed the wounds and the injured
were taken to the hospital.

LOCOMOTIVE BLASTS

A Dayton, O., car company will exhibit at the World's Fair two handsome railroad coaches, all of the timbers and finishing lumber of which were made from catalpa trees grown on a farm near Dublin, Ind.

In order to be thoroughly equipped to handle the increased railroad traffic incident to the World's Fair, the Western Union Telegraph Company is stringing three new wires between St. Louis and Terre Haute, Ind., to be used exclusively by the Big Four and Vandalia Lines.

E. P. Martin, who has been working as day operator at Guthrie, has been transferred to the dispatcher's office at this place as day copier.

Operator Connell, who has been working for the Memphis line at Guthrie has been transferred to the Henderson division side.

Operator Arnold, who has been working as day operator at Hopkinsville has been transferred to Guthrie nights.

Night Operator Cartmell, who has been working at this place, has been promoted to night copier in the dispatcher's office.

Copier Davall resigned his position as night copier on the H. D. to work for the Memphis line at Paris as extra dispatcher and copier.

Operator Stewart, of Hopkinsville, is on the sick list this week and Operator Howland is filling his place.

No. 51 was delayed about two hours Thursday night on account of second 81 running into the rear of first 81, telegraphing car, boiler 214, which caught on fire and burned up, also burning Conductor Corbitt's clothes.

W. B. Wood, the hustling freight agent at this place, has a force of carpenters repairing the old depot this week. When the repairs are completed it will be much more convenient for the public and will also facilitate the handling of freight at this place.

Conductor Tom Wene is on the sick list. Conductor Harry Bramwell is in his place on 92 and 93.

Conductor Andy Corbitt is running 77 and 78 while Conductor Lew Waltz is off.

Chief Dispatcher E. L. Wise, Yard Master L. Kilroy and Night Operator Cartmell went to Madisonville to see the "Prince of Pilsen" Saturday night.

Conductor Sunley is laying off on account of sickness in his family. Conductor McDowell is running his crew.

All the extra conductors on the Henderson division are making full time now.

R. L. Chapman formerly copier in the dispatcher's office at this place has resigned and returned to Cincinnati.

It is not often that a Henderson division conductor gets left, but that was what happened to Conductor Andy Corbitt at Robards Saturday night. His train pulled out of the station and left him and arrived at Henderson before it was discovered the conductor was not aboard. Conductor West, who was on the train deadheading to Howell, took charge of the train and ran it to the terminal. Conductor Corbitt caught No. 60 out of Robards three hours later.

All the employees of the I. C. R. R. on the Dixon branch, who had not previously been vaccinated, were subjected to that treatment last Monday. The community's local surgeon did the vaccinating.—Dixon Journal.

On date Jan. 8 this item appeared in the "On Dit" column of the Courier-Journal:

Ferguson, now railroad reached the city

Last night from Frankfort and registered at the Fifth avenue. He is spending nearly all his time in the Capital now familiarizing himself with his duties.

The next important meeting we will have will be on February 15, when we will meet at Glasgow to take action in regard to a complaint as to passenger rates. This is the first complaint of the kind which has been filed with the board since it has been in existence. The complaint is that a short line, only ten miles long, running between Glasgow Junction and Glasgow, is charging five cents a mile for passengers. The line is operated by the Louisville and Nashville railroad. We will also take up some freight rates at that meeting.

Jim E. Burk, general eastern passenger agent of the L. & N. died last week, after 20 years service with that road.

Engineer P. W. Boxley after being off about a month on account of sickness in his family has returned to work.

Gus Muhlhansen, general manager of the Dummy railroad, was at Howell shops the other day.

Fireman D. W. Brogan has been transferred back to the South-end from the St. Louis Division. He will keep her hot for engineer Andy Warner.

Adeline Patti will pass over the division from St. Louis to Nashville on the 30th.

J. E. Devenport of St. Louis, division passenger agent, and C. H. Fitzgerald of Twin City traveling passenger agent, were at Evansville the other day.

Fireman E. C. Cunningham is now firing on local with engineer W. T. Porter.

B. E. Branham, who recently resigned his position as foreman of the erecting department at Howell, has accepted a position at the L. & N. shops at Paris, Tenn.

Assistant superintendent of machinery Harry Swoyer was at Howell shops last Friday.

Master Mechanic Thomas Walsh was in Earlington the other day.

William Gymer, chief clerk in the mechanical department at E. St. Louis, Ill., was at Howell Thursday on business.

Walter Chambers, who has been herder in the Transportation Department at Howell for several years, has resigned to accept a position with the Standard Insurance Company. His territory includes Henderson and St. Louis Division, Memphis Line, and branches. Mr. Chambers is endowed with the qualifications and tact that are essential to success.

Fireman J. H. Wilson has resigned.

Mr. G. E. Starbird, the inspector of safety appliances, Interstate Commerce Commission, was on the Henderson Division last week looking after condition of the equipment. He paid the L. & N. rolling stock a high compliment.

Engines 255 and 250 have arrived from the M. & M. division for passenger service on the Henderson Division.

The storage track at Howell has been full from one end to the other for the past week or more with cars loaded with saw logs for mills on line of the E. & T. H. R. R. which that road for some reason has been unable to accept. It is said that there is no room at the mills.

The Evansville Lanch Manufacturing Company, next door neighbor to Howell shops, recently incorporated, have begun operations.

Reference Library Alone Worth the Price of Course.

Earlington, Ky.,
Jan. 11, 1904.

GENTLEMEN:—I am pursuing complete Artist course and am entirely satisfied with same, and think the Reference Library furnished FREE with the course is worth the entire price charged by the school for the course.

I can heartily recommend the school to all who want a complete technical knowledge of their business.

House, Evansville, Ind., the entire week of January 25, with matinees on Wednesday and Saturday.

TABLEAU 1, DOWAR OF SHEIK ILDERIM IN THE ORCHARD OF PALMS.

er—in Allah's name! And may His name be praised, I have thee at last beneath my roof." By his slaves, comes to the dowar of Sheik Ilderim to acknowledge Ben-Hur as the son of the long-lost Ben-Hur in their encounter in the grove of Daphne, but was not certain until the story of the Roman tribune, Arius, and the galley slave he had adopted after the battle with the Romans leads Messala to post on the walls of Antioch an announcement that Ilderim's driver is "Ben-Hur" to inflame popular prejudice against him on account of his race. This is the proof of identity and he hastens to acknowledge Ben-Hur as his master.

The Colored Reading Room was closed for a few days, but reopened Monday, January 4, and all who wish to get the benefit of the good books and daily papers are welcome to come between the hours of 2 p. m. and 5:30 p. m., and also between the hours of 7 p. m. and 9 p. m. We should all try and make the reading room a place of interest and show our appreciation to the one who has been so kind as to furnish us with a free library and there will be a weekly report sent in through the colored column in THE BEE.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure.

MADAME ADELINA PATTI

Came to the Vendome, at Nashville, Monday, Feb. 1st.

What song ever written has gone as deep into the heart or drawn humanity as close together with its irresistible spell of melody as "Home Sweet Home." It might almost be called the heart of melody, the organ of harmony that gives life to all else of music.

It is happy knowledge that Madame Adeline Patti who gives her farewell concert in Nashville on Monday evening, February 1st, will sing "Home Sweet Home" as one of the numbers on the programme. It is worth travelling miles to hear, and it is certain that many will travel miles to hear the Diva, for already inquiries for seats are coming into the Vendome from various parts of Tennessee for her concert which will be given at Nashville's celebrated Tabernacle. It is pleasant to think that the last time Madame Patti sings in Nashville can be remembered as one of the most exquisite bits of singing ever heard by the people of this city.

This greatest of all singers contends that to sing "Home Sweet Home" properly, takes more concentrated effort, and more voice than to give forth the most florid solos of cadenzas. Let those therefore, who hear Madame Patti sing this famous song be grateful, for they will probably never hear it again in such a manner.

Tickets can be ordered now by addressing W. A. Smetz, Nashville, Tenn. Prices \$2, \$3, \$4 and \$5. Check or money order must accompany orders for tickets.

Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and head of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with indigestion. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c.

Montague-Suggs.

Mr. Claude Montague, of Shawneetown, Ill., and Miss Lora Suggs, of Madisonville, were married in the presence of relatives and a few friends at Madisonville, Saturday morning at 10 o'clock. Elder S. E. Fowler of the Christian church performed the ceremony in his usual impressive manner. The happy couple accompanied by Mr. B. C. Mitchell and Miss Berne May Hall took the United train for Evansville. Mr. Montague was formerly manager of the Cumberland Telephone Co., at this place and has many friends here. Miss Suggs is one of Madisonville's fairest daughters and an estimable young lady.
